

Zion Temple First Pentecostal Church

Important Message

**Zion Temple First Pentecostal Church re-opening service
July 12, 2020 at 11:30am**

See below details regarding on-site church service attendance. A few items to bring to your attention and will remain in effect until further notice.

What precautions are being taken for on-site church services?

- We are dedicated to providing a clean and safe environment for all worship service attendees.
- We will practice social distancing at all times.
- Temperatures will be taken upon entering the church
- Sunday morning services will have a limited amount of available seating
- We require, wearing a face mask when entering, for the duration of service, and exiting the building. Per the CDC recommendations children younger than 2 years should not wear mask.
- We will not be shaking hands or making physical contact. We will be smiling and very intentional to make sure everyone feels welcome.
- Hand sanitizer will be available throughout the building.
- There will be no children or youth services for any age group.
- On-site Sunday school, Children and Youth ministries are postponed until further notice.
- The Fellowship Hall will not be available for any food services (If you require a snack for health reasons i.e. diabetes etc.) please bring your own snack.
- We are asking families to sit together. There will be no children or youth specific seating areas.
- We will have a modified offering process to avoid passing the offering plates or walking.
- At dismissal, please limit fellowship after service so we can sanitize the building.
- Wednesday Night Bible Study will remain online only.

Should I attend?

We encourage you to follow recommendations from health professionals and make the best decision possible for your family. Take the precautions that you feel are necessary. We will support the decision you make.

Please take extra precautions if you fall within the following (*).

*** Those over 65 and those with chronic lung disease or moderate to severe asthma, serious heart conditions, immune compromised conditions, severe obesity (body mass index of 40 or higher), chronic kidney disease undergoing dialysis, or liver disease are at higher risk from COVID-19.**
